Please note: Courses that are held in English have English titles.

The GPP aims at promoting research and science related skills, and to develop central key qualifications. To this end, the GPP offers lectures and workshops which also facilitate the university-wide networking of doctoral candidates.

The courses are sponsored by JGU so that every doctoral candidate gets the opportunity to take part.

Participation Requirements: Every doctoral candidate of Johannes Gutenberg University Mainz and Universitätsmedizin Mainz is authorized to take part in the courses— no matter whether they are employees of JGU or scholarship-holders, doctoral students or external doctorates.

In order to be able to apply for the courses doctoral candidates need to be **registered** with the GPP.

To apply please use the **course registration form** of the GPP.
