

## Introduction to PhD programmes

Every summer term a 90 minute session will introduce students to the working of various PhD programmes around the world, including our [own](#). Students will learn about application procedures and other important issues. Questions can be asked. A PhD student who is currently participating in our PhD programme or a graduate will also be present.

The introduction session should be interesting for you if:

- You are a 2nd/3rd year Bachelor or a Master student and you're not ready for the 9 to 5 business world.
- You have thought about going to graduate school.

Attending graduate school is one of the best ways to sharpen your expertise within in a field. Applying to graduate school is an excellent career move. However, for most students, the process of applying to grad school is intimidating.

How do I find the right university for me? What tests do I need to take? What do I need to submit?

Finding answers to these important questions and applying to the university of your choice has never been easier. We will tell you all the things you need to know.

Time and place of the informative session will be announced in good time.
