### Dear JGU students:

The first International Students' Conference, **ICON Mainz 2018 "Bounds of Humanity"**, will be held at Johannes Gutenberg University this coming November. This conference will be a major event for students created by students – by you.

That's why we are inviting you to join our team that organizes the conference. Come help us schedule the conference program, select speakers, produce promotional videos, organize a workshop, attend to international guests, or edit the proceedings.

You will develop your scientific, socio-communicative and organizational skills – and thereby raise your employability in an increasingly internationalized world.

You can join the local organizing committee that is working until the conference event (Nov 2 / Nov 3, 2018), or one of the short-term teams working on individual tasks related to the event (from around mid-2018).

You do not need any prior knowledge to participate. The General Studies Department will support you in this project. They hold a bilingual course (see below). **Don't worry if you cannot attend this course.** Several team members work in small groups at their convenience. We have occasional general meetings and communicate continuously, e.g., via OpenOLAT.

### Want to get credit?

Contact us: The General Studies Department will ask your departments to accept your contribution to the project for credit (ECTS credits), for a study related internship, or an extracurricular social work project. In any case, you will receive a detailed internship certificate.

We are looking forward to welcoming you to our team soon –  
Your ICON Mainz Team
