The GPP aims at promoting research and science related skills, and to develop central key qualifications. To this end, the GPP offers lectures and workshops which also facilitate the university-wide networking of doctoral candidates.

The courses are sponsored by JGU so that every doctoral candidate gets the opportunity to take part.

Participation Requirements: Every doctoral candidate of Johannes Gutenberg University Mainz and the University Medical Center is authorized to take part in the courses — no matter whether they are employees of JGU or scholarship-holders, doctoral students or external doctorates.

In order to be able to apply for the courses doctoral candidates need to be **registered** with the GPP.

To apply please use the **course registration form** of the GPP.
